

Every individual with special needs is entitled to a supportive community and the opportunity to lead a rich, fulfilling life.

Since 1976, Access Services has empowered countless individuals and their families in Southeastern Pennsylvania through community-based specialized services and now we work internationally as well through our World Projects programs.

Help us unlock every individual's potential... Here at home and across the globe.

- *Partnering with Help the Children to develop foster care services in Transnistria, Eastern Europe*
- *Supporting the Ekwetsembeni School for children with special needs in Swaziland, Africa*
- *Creating a chicken raising business to help feed a village in Ndola Zambia, Africa*
- *Partnering with Life Change Ministries International to provide a camping program for special needs children in Andhra Pradesh, India*

If you want to help children or adults with special needs here at home or in a distant land, the need is great and your generosity will be welcomed.
