Orwigsburg, PA, April 1, 2011: Debra A. Kukta of The M&T Charitable Foundation presented Access Services with a check for \$500 during the nonprofit's recent "Friends of Access Services Donor Appreciation Reception" held at the McKeansburg Hotel in New Ringgold. In addition to the financial donation, the charitable arm of M&T Bank also contributed 50 tickets to the Schuylkill County Fair as part of the Bank's Community Day at the Fair scheduled for August 1.

The generous grant supports Access Services' REBOUND program which helps at-risk young people. "The mission of our REBOUND Program is to reduce recidivism rates, decrease truancy and lessen the need for youth to be placed in residential treatment facilities and secure detention facilities," stated Steve Hoffman Asst. Director of the REBOUND Program. Sheila Davison, Regional Vice President for Access Services and present at the check presentation, added, "Our REBOUND program empowers and improves the quality of life of local youth and their families by providing life skills counseling, case management and mentoring services to children in their home and community."
