

Integrate for Good

Announcing an innovative, brand-new opportunity for individuals with developmental disabilities in Montgomery County!

Integrate for Good is a creative initiative designed to enhance civic engagement and volunteerism among individuals of **all** abilities. We are looking for individuals with developmental disabilities who want to discover their unique talents and connect to their communities!

Opportunities for Individuals with Developmental Disabilities:

- Participate in our interactive Occupational Therapist-led workshops designed specifically for individuals with different learning styles to develop their interests and talents
- Develop leadership skills
- Engage in technology training
- Create a web-based portfolio to share with community members and potential employers
- Receive invitations to Integrate for Good community events

We believe Montgomery County is stronger when the talents and contributions of **all** of its members can be realized and captured.

Contact us today for more information.
