Hope 4 Tomorrow 

*An Educational Program for
Mental Wellness and Support*

What Is It?

Everyone needs the tools to be able to manage and support mental wellness in their everyday lives. But how many people are having these important conversations?

Hope 4 Tomorrow is an innovative program that helps individuals focus on the importance of their own health and wellness.

A variety of trainings and resources are available to the community to help present subjects like suicide prevention, crisis intervention, self-care and mental health in active ways that help empower individuals with the tools and skills needed to live successful lives.

What We Provide

QPR (Question, Persuade, & Refer)

QPR suicide prevention training is designed to teach you to recognize the warning signs of a potential suicide crisis, and then to further question, persuade, and then finally refer them to help. With this 2-hour training, we strive to equip you with tools and education to reduce suicidal behaviors.

ASIST

The Applied Suicide Intervention Skills Training (ASIST) is a two-day intensive, interactive and practice-dominated course designed to help caregivers learn how to intervene to prevent the immediate risk of suicide and provide safety-for-now. The workshop is designed for all caregivers (anyone age 15+ in a position of trust). This includes professionals, paraprofessionals and lay people. ASIST is the most widely used suicide intervention training program in the world.

Hope 4 Tomorrow Assembly

This innovative assembly program helps youth focus on the importance of their own health and wellness. Students engage in interactive ways and can ask questions related to mental health in real time. The answers are used to have conversations and help the students develop strategies to help themselves and one another.

What You Can Expect

- A unique educational experience.
- Interactive activities.
- An opportunity to be more aware of subjects like mental health and suicide.
- Knowledge of resources in your community.
- Empowerment to support friends, family & community members.
