Access Services is an Equal Opportunity Care Provider.

## Our Philosophy of Care

We believe that all people are valuable and unique. Our approach is holistic and person-centered, and we seek to address the four basic areas of human need in the life of each person we serve – physical, spiritual, social and emotional. Our purpose is to help each person learn to meet these needs so that they can lead a productive and meaningful life.

We believe all people need opportunities to explore and express their spirituality. Meeting spiritual needs takes place when people have the opportunity to:

- Express personal values and beliefs.
- Worship with a faith community of their choice.
- Experience hope for the future.
- Know and develop a relationship with God.

## What We Do

Our team of chaplains present the following opportunities to an individual seeking spiritual care:

- **Connection to faith communities and faith-based mental health resources.**
- **Spiritual care** through prayer and conversation.
- Help with **understanding one's personal faith.**

---

“Intersect provided a different perspective. Before meeting, [I had] no faith and no trust in God. But through this connection, I have rebuilt my trust, I have more faith, [and] I have connected to a church.”

– **Individual served by Intersect**

## How We Do It

Our team of chaplains are committed to offer person-centered support by:

- Meeting an individual where they are in their faith journey.
- Connecting with an individual over the phone, home, or community setting.
- Offering short-term spiritual care meetings (example: 1-4 visits).
- Acting as a bridge between mental health providers and faith communities.

## Make a Referral

Intersect is here to help! By referring someone to Intersect, you can ensure that they will receive chaplaincy and spiritual care that can contribute to their wellness and recovery.
